OUR MISSION

Democratizing High-Performance Trading

INVESTRATE was designed with a clear vision: to enable everyone to access institutional-level algorithmic trading strategies while creating a self-reinforcing economic system that benefits all participants.

PRICE TARGET

\$70 / ITT

Our strategic target, supported by token scarcity and ecosystem growth.

MATHEMATICAL SCARCITY

With only 70M tokens and no possibility of additional creation, ITT benefits from programmed scarcity.

TOTAL FIXED SUPPLY **70,000,000**

KEY ADVANTAGES

Access to institutional algorithmic trading

Self-reinforcing economic system

Guaranteed mathematical scarcity (70M tokens)

ITT TOKENOMICS

A Revolutionary Economic Model

The ITT token is not just a digital asset. It's the fuel that powers our AI trading ecosystem and the direct beneficiary of all generated profits.

FIXED SUPPLY

70,000,000

ITT

No additional creation possible. Guaranteed mathematical scarcity.

REAL UTILITY

Required to activate AI trading bots and participate in the ecosystem.

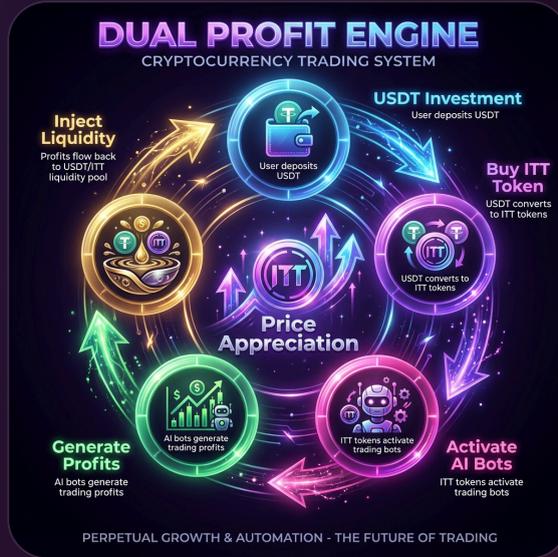

DISTRIBUTION

Liquidity Pool	40%
Trading Rewards	30%
Development	20%
Team & Advisors	10%

DUAL PROFIT ENGINE

The Heart of Our Ecosystem

Our revolutionary system allows users to benefit from TWO simultaneous sources of gains: trading yields AND token appreciation.

HOW DOES IT WORK?

- 1**

USDT INVESTMENT

Deposit USDT and exchange for ITT
- 2**

BUY ITT

Conversion at market rate
- 3**

ACTIVATE AI BOTS

Use ITT to activate AI bots
- 4**

GENERATE PROFITS

24/7 strategies generate yields
- 5**

INJECT LIQUIDITY

Profits reinvested into pool

RESULT: DOUBLE GAIN

- 

You accumulate ITT through trading yields
- 

The value of each ITT increases thanks to liquidity injection
